### THE SCHOOL

Founded in 1962, ASB is an international, independent, non-profit, co-educational, university preparatory day school which serves the international and Spanish communities in Barcelona from pre-school to grade 12. ASB is accredited by the International Baccalaureate Organization, the Middle States Association of Colleges and Schools and is authorized by the Spanish and Catalan Ministries of Education. The school has a purpose-built facility located just south of Barcelona.

### MISSION

Our mission is to empower pre-school through 12th grade students to become global citizens with the critical thinking skills and the self-confidence to maximize their potential.

### ENROLLMENT

There are 928 students from 55+ different nationalities enrolled in Pre-K through 12th grade, with 330 in the high school.

### FACULTY

The ASB staff includes 114 faculty members (teachers and assistants), 23 support staff and 15 administrators.

The approximate composition of faculty by nationality is:

More than 80% of our international teachers have advanced degrees.

### INSTRUCTIONAL PROGRAM

ASB offers a rigorous university preparatory program, taught in English, that prepares students for admission to top universities throughout the world.

Students in grades 9 and 10 access a curriculum which follows Common Core (English, Social Studies and Math) and NGSS science standards where all students take Biology, Chemistry and Physics. There are differentiated levels for mathematics and language learning (English, Spanish, and Catalan) in each grade.

More than half of our grade 9 and 10 students also complete local requirements in Castellano and Catalan Language and Literature, and Spanish History and Geography.

Participation in electives has been limited given other academic requirements, but some opportunities have included: Visual Arts, Music, Information Technology, Model United Nations, Speech and Debate, and Entrepreneurship. All students participate in developing a wide range of community service activities throughout the year.

Graduates earn a U.S. high school diploma and, in grades 11-12, can additionally pursue the International Baccalaureate (IB) Diploma. 65% percent of IB diploma students in the class of 2019 earned the bilingual diploma and many students graduate having achieved a level of language appropriate for university instruction in all three languages (English, Spanish, and Catalan).

### GRADUATION REQUIREMENTS

A minimum of 22 credits are required to obtain the U.S. high school diploma, including:

English	4 credits	World Language	3 credits
Science	3 credits	Electives	3 credits
Social Studies	3 credits	Physical Education	2 credits
Mathematics	3 credits	Community Service	1 credit

## INTERNATIONAL BACCALAUREATE

The International Baccalaureate Diploma Program (IBDP) is a demanding, two-year course of study leading to external examinations. At ASB, the IBDP is an open enrollment program. In 2019, 68 ASB graduates earned the full IB Diploma, with an average score of 33 points.

## GRADING SYSTEM

Until the end of the 2013-2014 school year ASB used a percentage-based grading system. In September 2014 ASB began the transition towards a Standards Based Grading system in order for our final grades to more accurately demonstrate a student's achievement level at the end of each year. In grades 9 and 10 the class of 2020 was assessed on a four-point scale that has been converted to the A-F scale. In grades 11 and 12 the class of 2020 has been assessed on a seven-point scale. Transcripts reflect this transition.

Due to the high mobility of the student population, ASB does not rank students or calculate GPA.

### Testing Restrictions on international students & US citizens abroad

*In recent years, and particularly this year, our students have had less access to SAT/SAT Subject and ACT tests because of fewer test dates abroad, fewer sites offering the test, score cancellations, technology difficulties, and higher fees. We ask that all higher education institutions take this into account when evaluating our students' applications.*

## EXTRACURRICULAR OPPORTUNITIES

Our High School prides itself not only on our high academic achievement, but also on the ability of our students to make a positive impact on our community through ongoing engagement. Many students take part in activities outside of ASB, including several students competing in high level athletic clubs, national teams and music conservatories. In recent years ASB has been working to strengthen our extracurricular options in Service, Athletics and Performing Arts. Some highlights include:

**Model United Nations program:** Over 50% of our high school students participate in both local and international MUN programs, including our own student-led conference hosting over 500 students from around the world.

**New European Speech, Debate and Acting Association (NESDA):** Students travel to two conferences per year where they compete in a range of events.

**Athletics teams:** compete as members of the Iberian and European Sports Conferences. Varsity team options include: soccer, volleyball, basketball, tennis, and cross-country.

**Service Learning opportunities** are an integral part of ASB with high school students leading and innovating in many areas:

### RefugArt:

Student-initiated activity to raise awareness and support for refugees around the world through art production and exhibitions. Annual events have collaborated with the UNHCR and other international aid organizations.

### Language and Career Partnerships:

Students work with local organizations (schools, hospitals and corporations) to support English language development for adults who share their professional experiences with our students.

### International Service Learning:

*Opportunities include travel to:*

- Nepal to support school development.
- Botswana to support refugee education and sustainable economics.
- Peru to support medical service delivery in the Amazon communities.
